Dear Graeme

We wish to thank you for your Company's invaluable contribution to **WINNERS** presented by Brisbane Festival 2006 and Fabrica in association with The Queensland Orchestra.

The performance was extremely well received and is one of the highlights of Brisbane Festival 2006. *The Courier Mail* hailed the production as being "the most thrilling spectacle of all".

The staging of such a technically intricate production was a significant challenge, particularly in light of being a world premiere, and would not have been achieved without Norwest's expertise and professionalism.

Brisbane Festival and Fabrica now hope to tour the production internationally and are certain it will continue to inspire and challenge audiences around the globe.

Congratulations on a wonderful show and thank you again for your significant contribution.

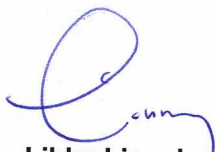

Yours sincerely
